KEY BUSINESS INSIGHTS

1. Category Performance
The Set category generated the highest sales and revenue among all product categories, making it a key contributor to overall sales performance.

2. Regional Performance
Maharashtra recorded the highest number of delivered orders, highlighting its importance as a major sales market.

3. Order Cancellations
Maharashtra also recorded the highest number of cancelled orders, indicating an area for further investigation into cancellation patterns.

4. Fulfilment Performance
The cancellation rate was **12.86% for Amazon fulfilment** and **17.54% for Merchant fulfilment**. Merchant fulfilment had a higher cancellation rate, suggesting an opportunity to investigate the factors contributing to cancellations.
